Make it yours (and stand out)

- Pick a specific audience in your title and cover, e.g. "Large Print Word Search for Seniors".
- Design an eye-catching cover; it matters more than anything else in low-content books.
- Publish a few variations (different covers, sizes or themes) to build a series.

License: You may use this interior to publish and sell physical or digital books on Amazon KDP and other platforms, with your own cover. You may not resell, share or give away the interior file itself, or include it in templates, bundles or PLR packs. Always follow KDP's content guidelines.
